

STORAGE SOLUTIONS FROM STROMENTM

- ◆ Light Weight
- ◆ Easy to Maintain
- ◆ Durable
- ◆ Value for Money
- ◆ Trusted Storage Solution

As the pioneers in water treatment solutions, STROMEN believes in thinking innovatively and making storage simpler for you. Our comprehensive range of storage drums have been designed to do just that, with your needs in mind.

Crafted from 100% virgin and food grade materials, our tanks are built to last and maintain the highest standards of hygiene .

STROMEN offers 100/180/500 - litre LLDPE water storage tanks - vertical models, suitable for residential and industrial use. STROMEN 100 litre storage solutions comes in 3 different variants .

ADVANTAGES

- ◆ Virgin LLDPE
- ◆ Durable
- ◆ Cost-effective
- ◆ Rust-proof
- ◆ Single - piece moulded designs
- ◆ All weather design

Features

- ◆ **Material:** Constructed from Linear Low-Density Polyethylene LLDPE, ensuring non-corrosive, durable performance.
- ◆ **Structure:** One-piece molded, seam-free, leak-proof, and UV-stabilized.
- ◆ **Types:** Available in vertical cylindrical configurations.
- ◆ **Usage:** Suitable for water storage, chemical storage, or in industrial settings.
- ◆ **Variants:** Mainly 3 types - Type A (Drum Design)
Type B (Dosing tank design)
Type C (CV tank design)

STROMEN TYPE - A

TECHNICAL SPECIFICATIONS

Material Of Construction : 100% virgin LLDPE (Linear Low-Density Polyethylene)

Opening : Removable lid

Dimensions : Height - 700 mm
: Diameter - 430 mm
: Lid diameter - 325 mm

Weight : 3.510 kg.

STROMEN TYPE - B

TECHNICAL SPECIFICATIONS

Material Of Construction : 100% virgin LLDPE (Linear Low-Density Polyethylene)

Opening : Removable cap

Dimensions : Height - 640 mm
: Diameter - 490 mm
: Lid diameter - 100 mm

Weight : 4.9 kg.

STROMEN TYPE - C

TECHNICAL SPECIFICATIONS

Material Of Construction : 100% virgin LLDPE (Linear Low-Density Polyethylene)

Opening : Removable full size lid

Dimensions : Height - 635 mm
: Diameter - 500 mm
: Lid diameter - 520 mm

Weight : 5.050 kg.

Unlike other tanks, which provide 10% to 15% less water storage than what they claim, STROMEN tanks offer exact water storage capacity as promised.

Other tanks often use recycled plastic, which may contain harmful chemicals like lead and phthalates. STROMEN tanks are made from 100% virgin raw material, ensuring total safety.

Storage tanks must expand and contract with water levels and temperature changes. Rigid tanks can crack easily, but STROMEN uses LLDPE, making them more flexible and durable.

Most of the black/non-black storage tanks lack complete UV protection, leading to algae growth and unhealthy storage conditions. In contrast, all STROMEN tanks, are UV stabilized. So they are protected against sunlight.
